

Les tables de 2, 5 et 10

Complète chaque table

La table de 2	La table de 5	La table de 10
$0 \times 2 = \dots$	$0 \times 5 = \dots$	$0 \times 10 = \dots$
$1 \times 2 = \dots$	$1 \times 5 = \dots$	$1 \times 10 = \dots$
$2 \times 2 = \dots$	$2 \times 5 = \dots$	$2 \times 10 = \dots$
$3 \times 2 = \dots$	$3 \times 5 = \dots$	$3 \times 10 = \dots$
$4 \times 2 = \dots$	$4 \times 5 = \dots$	$4 \times 10 = \dots$
$5 \times 2 = \dots$	$5 \times 5 = \dots$	$5 \times 10 = \dots$
$6 \times 2 = \dots$	$6 \times 5 = \dots$	$6 \times 10 = \dots$
$7 \times 2 = \dots$	$7 \times 5 = \dots$	$7 \times 10 = \dots$
$8 \times 2 = \dots$	$8 \times 5 = \dots$	$8 \times 10 = \dots$
$9 \times 2 = \dots$	$9 \times 5 = \dots$	$9 \times 10 = \dots$
$10 \times 2 = \dots$	$10 \times 5 = \dots$	$10 \times 10 = \dots$

Attention, mélangeons tout cela !
